THE *Sensory* ONESIE

We've worked closely with The National Autistic Society (NAS) to create a Onesie that provides comfort, peace of mind and companionship for those on the Autistic Spectrum.

Hand in hand with NAS, groups of local children affected by Autism came to visit our factory to help us design the perfect Onesie for both Children and Adults.

Autism affects people in many different ways, our Create-your-Own Sensory Onesie is sewn in a particular way so that the seams feel seamless and there's nothing that causes irritation.

* Seams can be doubled stitched to prevent ripping and tearing.

CREATE-YOUR-OWN *Sensory* COLLECTION

You can also Create-your-Own Sensory Sleepbag and Hoodsie – just mention in the Order Instructions Box at the Checkout that you'd like it to be sewn in the Sensory way.

Hoodsie

The Onesie that looks like a twosie!

Our Hoodsie looks just like a hoodie and bottoms.

For chilling, for working, for playing.. the choice is yours! Complete with front pockets and a choice of a high neck collar or a hood, adding ears for that extra element of eccentricity.

Sleepbag

Our Sleepbag is a sleeping bag with a difference, it has sleeves!

The two way zip allows you to unzip from the bottom so you can step out of it and be mobile if needs be. It can also be unzipped at the side for access where necessary.

Along with The National Autistic Society groups of local children affected by Autism came to visit the factory to help us create The Sensory Onesie.

“The children’s input has been so important, when things weren’t right, they really weren’t right. They provided raw and honest feedback, what they liked, they loved, and what they didn’t and what they really couldn’t tolerate.”

- Kate Dawson, The All-in-One Company

Exceeding EXPECTATIONS

“Joshua will not wear jeans or anything that’s too tight or anything that comes to his neck. But there are children who are a lot worse than him. For some, it’s quite painful, and can lead to massive behavioural problems. Something as simple as changing their clothes can just fix it like that – like a magic wand.

Trying to get him out of his Onesie might become another issue, though!”

- Donna Swan, Calmer Therapy

“Daphne loves her Onesie.

I thank you so much for all of your kindness and generosity. The whole experience was amazing for us all but Daphne will benefit so much. She is so proud of her new item and also feels very comfortable – she even slept in it last night.”

- Helen Sutherland, Daphne’s Mum and Head of North Northumberland NAS

Thank you for supporting the understanding of those with Autism, and thank you for helping to raise the level of autism awareness worldwide.

- Joshua Stovall, The All-in-One Company customer

“Many autistic people are acutely sensitive to the texture of standard clothing fabrics and to seams and labels. This can mean that they are unable to put on clothes which others find comfortable to wear.

“We’re also very grateful to The All-in-One Company for donating 5% from the sale of this onesie to the charity, which will help provide vital support to autistic people and their families across the UK.”

- Kelly Railton, of the National Autistic Society
